

INTRODUCING MADE IN INDIA  
**FOGGER XL 185 (M)**  
(Thermal Fogging Machine)

The Fogger XL 185 (M) Portable Fogging Machine is a highly versatile and efficient solution designed for professional pest control, disinfection, and sanitation applications. Its advanced design allows users to perform multiple fogging operations using a single machine, making it ideal for large-scale and commercial environments.

Specification	
Name	FOGGER XL 185 (M)
Type of Machine	Thermal Aerosol Fog, Petroleum based Resonate Pulse Principal.
Performance of engine tube	18.3 kW-hr
Solution Tank Output	35 Lt. / Hr.
Solution Tank Capacity	6 Lt
Fuel Tank Capacity	2.0 Lt
Fuel Consumption	2.0 liters per hr
Weight Empty	9.5 kg only
Dimensions	112 x 31 x 33 cm

### Key Features

- **Dual Function System:** Equipped with a built-in air compressor for automatic operation, along with a manual pump for added flexibility.
- **Ultra-Fine Fog Particles:** Produces fine particles for better coverage and effective pest control.
- **Made in India:** The Fogger XL 185 range is proudly Made in India, featuring a first-of-its-kind 12V lithium battery.

PERFECT FOR PROFESSIONALS WHO NEED RELIABLE FOGGING PERFORMANCE FOR MULTIPLE APPLICATIONS.

### IDEAL APPLICATIONS

- Public Health Programs
- Agriculture & Plant Protection
- Pest Control Services
- Disinfection & Sanitation
- Warehouses & Commercial Spaces

### WHY CHOOSE FOGGER XL 185 (M)?

- Efficient & Time-Saving Operation
- Professional Grade Performance
- Easy to Operate & Maintain
